

Domain Therapeutics is pleased to invite you to Discovery on Target to take part in an expert panel discussion on **"GPCRs: Leveraging years of data for transformative drug discovery"**.

This panel moderated by **Dr Michel Bouvier** aims to provide an outlook into the future of GPCR drug discovery, through the development of novel therapeutics taking into account receptor mutations and functional selectivity / bias (presented by **Dr Olivier Lichtarge**), and the soaring of virtual screening (presented by **Dr John Irwin**).

Come and join this exciting talk in Boston on **September 18, 2019 at 10:50**.

17th Annual

Discovery on TARGET

The Industry's Preeminent Event
on Novel Drug Targets and Technologies

September 16-19, 2019 | Westin Copley Place | Boston, MA
